

Section 2-100 AR-1 Agricultural Rural-1

The provisions of this Section apply only to the areas now zoned AR-1 Agricultural Rural-1 that were added to the corporate limits of the Town of Round Hill by the Boundary Line Adjustment between Loudoun County and the Town, effective January 1, 2005. [Amended March 20, 2008]

2-101 Purpose and Intent. The purpose and intent of the AR-1 district is to:

- (A) Support the primary use of land for rural economy uses, with residential uses allowed secondarily in a form and context that is consistent with the general open and rural character of the rural economy uses.
- (B) Allow for a broad range of rural economy uses, including traditional and new agricultural uses (agriculture, horticulture and animal husbandry), agricultural support and basic services directly associated with on-going agricultural activities, and low impact non-rural uses that can be developed in ways that are consistent with the rural character of the rural economy uses through mitigation or other standards.
- (C) Recognize the County's tourism industry is interconnected with the rural economy and rural economy uses in the district by allowing for tourism uses related to traditional and new agricultural uses, conference and training center uses, and rural activity and special event uses for tourists related to the traditional and new agricultural uses.
- (D) Ensure that residential development is consistent with the open character of the rural economy uses by requiring either very low density residential development or the clustering of residential development in ways that are harmonious with rural economy uses and that preserve the general rural character of the district.
- (E) Ensure that development is designed and located in ways that are consistent with conservation design principals and protects and maintains primary conservation areas and secondary conservation areas in ways that are consistent with the development of rural economy uses and the general rural character of the district.
- (F) Ensure that the rural economy uses are compatible with any existing permitted residential development.

2-102 Use Regulations. Table 2-102 summarizes the principal use regulations of the AR-1 district.

- (A) **Organization of Use Table.** Table 2-102 organizes the uses in the AR-1 district by Use Classifications, Use Categories and Use Types.
 - (1) **Use Classifications.** The Use Classifications are: agricultural uses; residential uses; public and institutional uses; commercial uses; and

industrial uses. The Use Classifications provide a systematic basis for assigning present and future land uses into broad general classifications (e.g. agricultural uses and residential uses). The Use Classifications then organize land uses and activities into general "Use Categories" and specific "Use Types" based on common functional, product, or physical characteristics, such as the type and amount of activity, the type of customers or residents, how goods or services are sold or delivered, and site conditions.

- (2) **Use Categories.** The Use Categories describe the major sub-groups of the Use Classification, based on common characteristics (e.g., the residential Use Classification is divided into two major Use Categories; Household Living and Group Living). Principal uses are identified in defining the Use Category. They are principal uses that most closely share the common characteristics that are key to the Use Category.
- (3) **Use Types.** The Use Categories are then divided into specific Use Types. The specific Use Types are included in the respective Use Category. They identify the specific uses that are considered to fall within characteristics identified in the Use Category. For example, single family detached dwellings, multi-family dwellings and town houses are Use Types in the Household Living Use Category.

- (B) **Use Categories and Use Types Defined.** All the Use Categories and Use Types listed in Table 2-102 are defined in Article VIII (Definitions).
- (C) **Permitted and Special Exception Uses.** A "P" in the column identified "AR-1" indicates that a Use Category or specific Use Type is permitted as a matter of right (as a permitted use) in the AR-1 district, subject to compliance with all applicable standards and regulations in this Ordinance and all other Town ordinances. An "S" indicates that a Use Type is allowed in the AR-1 district as a special exception in accordance with the procedures and standards of Section 6-1300. An "M" indicates that a Use Type is allowed in the AR-I district as a minor special exception in accordance with the procedures and standards of Section 6-1300. In some instances, and based on the Additional Regulations for Specific Uses (Section 5-600), a Use Type will be permitted as a matter of right under certain conditions or allowed as a special exception or minor special exception under other conditions. In those instances, it is identified as "P/S" or "P/M," as appropriate. Other accessory uses and structures customarily appurtenant to a permitted use are also permitted.
- (D) **Reference to General Use Category.** References to "General Use Category" under the Use Type column, means all of the uses in the Use Category are allowed. The Use Category is defined in Article Where specific Use Types are listed in the Use Type column, only the listed Use Types in the Use Category are allowed. The Use Types are defined in Article VIII.

(E) **Additional Regulations for Specific Uses.** References to sections in the final column of Table 2-102 (AR-1 District Use Table) indicate that the listed use is subject to use-specific regulations. The numbers provide a cross-reference to the "Additional Regulations for Specific Uses" in Section 5-600.
